**Languages:** Portuguese (Native) English (Fluent), Spanish (Basic), French (Basic).

**Software Engineer with solid experience as a Scrum Master and Front-End Developer, specializing in Angular and agile team management. Skilled in product backlog management, prioritizing demands, and ensuring strategic alignment between business and technology. Adept at translating business requirements into efficient technical solutions, delivering high value to stakeholders and digital products.**

## PROFESSIONAL EXPERIENCE

### SYSTEM ANALYST – SCRUM MASTER / FRONT-END DEVELOPER | AVANADE - JUN 2023 – PRESENT

- Managed and prioritized product backlogs for digital solutions, aligning business requirements with the development team.
- Facilitated agile ceremonies (Daily Stand-ups, Retrospectives, Reviews) to optimize team workflow.
- Applied **Scrum** and **Kanban** methodologies to enhance the software development process.
- Developed intuitive and responsive user interfaces for web applications, specializing in **Angular**, with strong expertise in **HTML5**, **CSS3**, **JavaScript**, and **REST API** integrations.
- Conducted **code reviews** for other developers, ensuring quality and adherence to best practices.

### ASSOCIATE FULL -STACK DEVELOPER | AVANADE - AGO 2022 – JUN 2023

- Collaborated directly with Product Owners to translate user stories into technical implementations.
- Enhanced user interface and usability, aligning the experience with product goals.
- Developed features for web applications using **Angular** on the front-end and integrated with **AWS services** on the back-end.

### ASSOCIATE DEVELOPER | IBM - AGO 2021 – AGO 2022

- Worked on **mainframe applications** using **Natural** programming language and **JCL**
- Contributed to a **front-end project using React**, applying modern web development practices.
